IMPORTANT NOTICE: A Change to your Prescription Drug Coverage

Dear TRICARE Beneficiary:

On March 4, 2020, Adhansia XR, a prescription drug you're taking, will no longer be covered by TRICARE. It has moved to a non-covered drug status and will no longer be available through military treatment facility pharmacies or the TRICARE mail order pharmacy. If you continue to take the drug, you'll be required to obtain the medication from a retail pharmacy and to pay 100% of its cost.

If you are taking this drug, what Should You Do?

If you are no longer taking the above drug, then you don't need to do anything at this time.

1. Review the enclosed information called "Options for You and Your Doctor to Consider."
This document provides the drug that is no longer covered, preferred alternatives, and associated cost information.
2. Discuss this information with your doctor to see which of the following options is best for you:
 - Switch your prescription to a preferred alternative drug.
 - Continue your non-covered prescription by obtaining at a retail pharmacy and pay 100% of the cost of the drug

Why the Change?

The Defense Health Agency regularly reviews drugs and has determined the drug mentioned above has little to no clinical benefit compared to other drugs that are just as effective and cost less.

Who Should You Contact If You Have Questions?

If you have any questions about your pharmacy benefit or you need help, please visit express-scripts.com/TRICARE or call 877.363.1303.

Sincerely,

Jay Peloquin, PharmD, BCPS
